

EDUCATION

Degree	Year	Institute	CGPA/Marks
B.Tech	2026	KMIT	8.88
Telangana State Board of Intermediate Education	2022	Sri Vidya Junior College	986
CBSE	2020	St.Peters Residential School	464

WORK EXPERIENCE

- **Freelancer (Created Static Website) [NEXEN]** Jan 2025
 - Developed a static website for Nexen Company using HTML, CSS, and JavaScript, later integrating a fully functional admin and client portal using the MERN stack. Improved user management, streamlined workflow efficiency, and enabled seamless data handling. Contributed to a more scalable, dynamic, and interactive web solution, enhancing overall system functionality.
 - Website: nexenconsults.com

PROJECTS

- **Domain Specific ChatBot [Prof. Bhadhrinath Goteti]** Oct 2024
 - Developed a domain-specific chatbot for SMEs using Gemini Pro API to dynamically answer queries from user-uploaded PDFs by extracting and retrieving relevant information.
 - Integrated Retrieval-Augmented Generation (RAG) for accurate responses and real-time interactions. Designed for scalability, it enhances customer engagement and automates information delivery.
- **ATS Resume Parser & Mock Job Evaluator [Python, Flask, ReactJS, NLP, MongoDB]** Mar 2025
 - Developed a full-stack platform for ATS scoring and mock evaluations using NLP-based resume parsing and semantic job-role matching.
 - Built a dynamic ReactJS frontend with modular components, real-time visualizations, and interactive feedback modals.
 - Integrated Flask APIs with MongoDB for secure data persistence, session management, and test result tracking.
- **Product Review Sentiment Analyzer [Self-Project]** May 2025
 - Built an end-to-end sentiment analysis dashboard that scrapes product reviews from e-commerce URLs in real time, processes sentiment using VADER (NLTK), and generates insights on review polarity (positive, negative, neutral) with accuracy and speed.
 - Developed a full-stack solution with React and Flask—featuring interactive pie charts and bar graphs using React Chart libraries—enabling users to visualize sentiment distributions and make informed product evaluations dynamically.

POSITIONS OF RESPONSIBILITY

- **Sports Captain - St. Peters [2019]** Sept 2019
 - Led school sports teams, fostering teamwork and discipline, and organized inter-house competitions to encourage participation.

EXTRA-CURRICULAR ACHIEVEMENTS/ACTIVITIES

- Solved **350+ LeetCode problems** across core data structures and algorithms including arrays, trees, graphs, and dynamic programming.
- Completed a **3-month virtual internship at codSoft** as a **Software Intern** and earned certifications in **Web Development, Core Java, and Generative AI**.

TECHNICAL SKILLS

- **Languages:** Java, Python, C, C++, MySQL, JavaScript, HTML, CSS
- **Tools:** Jupiter Notebook, VS Code, GitHub, Docker, Postman, MongoDB
- **Libraries and Frameworks:** Express, Node Js, Numpy, Pandas, Matplotlib, Flask, Bootstrap
- **Cloud Platforms:** AWS (EC2, S3, Lambda, VPC, EBS, EFS)
